

Hygiene Kits

Children and adults living in poverty often go without basic essential items to manage proper hygiene. In addition to the daily struggle to find food and a safe place to sleep, acquiring basic hygiene items such as soap, shampoo, and toothpaste can be very challenging.

In an effort to assist organizations and agencies that work with these individuals, Kits for Kidz™ provides a low cost, pre-assembled hygiene kit. Each kit comes inside of a water-proof, nylon toiletry case that not only makes distribution a breeze, but also can be used by the individual as a permanent storage case. A sample kit is available upon request.
